

PORTABLE CCTV

PORTABLE CCTV

Our portable CCTV hire units combine convenience and advanced security features in a compact, mobile package. Each system comes with four night vision, infrared, and weatherproof cameras mounted on a custom-designed pole for optimal coverage. Fully wireless, the units boast a battery life of up to seven days and can be folded for easy transport and rapid deployment.

Users can access live or recorded footage via a secure guest account on PC or mobile, with intelligent motion detection and zone mapping to enhance site monitoring. Whether for protecting a worksite or securing temporary locations, these systems offer reliable, flexible surveillance wherever you need it.

PORTABLE CCTV

Usage Benefits

- Accessibility**
 Secure cloud access for live streaming or reviewing footage.
- Visibility**
 Night vision infrared & weatherproof cameras.
- Mobility**
 Wireless & foldable for rapid, hassle-free deployment anywhere.
- Intelligence**
